

Xiaoyuan “Reginald” Zhang – CV

reggiezhang9719@gmail.com | +1 (908) 720-5759 / +86 13552604882 | github.com/Unravelreggie | [linkedin.com/in/xiaoyuan-zhang-4a4999352](https://www.linkedin.com/in/xiaoyuan-zhang-4a4999352)

TARGET ROLES

International Pharmacovigilance Management | Medical Data Analytics | Clinical Data Analytics | Real-World Evidence (RWE) | Global Medical Strategy Support

SUMMARY STATEMENT

Background spanning international pharmacovigilance management, biostatistics, clinical research, laboratory-based research, market operations, and international education. Experience includes multinational pharmacovigilance regulatory analysis, PV agreement support (PVA/SDEA), vendor coordination, audit support, clinical data management, computational research, business operations, and cross-cultural communication.

Graduate training in biostatistics includes regression, longitudinal analysis, machine learning, Drift Diffusion Modeling (HDDM/HSSM), structural equation modeling, and clinical research methods. Research and laboratory experience includes behavioral studies, fMRI, ECG, and multimodal data. Current work focuses on international pharmacovigilance operations, regulatory support, workflow optimization, and digital infrastructure development, while continuing toward medical data science, pharmacoepidemiology, real-world evidence, and safety analytics.

EDUCATION

University of Miami – Miami, FL (August 2023 - May 2025)
Master of Science in Public Health (M.S.P.H.)
Concentration in Biostatistics

Rutgers University – New Brunswick, NJ (August 2017 - May 2021)
Bachelor of Arts
Triple Major: Cognitive Science (Minds, Machines, & Computations track), Psychology, Philosophy

Bishop Brady Highschool - New Hampshire, NH (August 2013-May 2017)
U.S. Secondary Education

WORK EXPERIENCE & INTERNSHIPS

Sinovac Biotech Group Co., Ltd. – Beijing/Chengdu, China
International Pharmacovigilance Administrator 06/2025 – Present

- Analyze and interpret pharmacovigilance regulatory requirements across international markets to support localized compliance execution.
- Support drafting, coordination, and operational management of international PV agreements (PVA / SDEA).
- Coordinate overseas PV vendors and support execution tracking.
- Contribute to international PV workflow optimization through data cleaning, automation support, literature monitoring, and PSUR/PSMF operational support.
- Support PV database and workflow platform development for structured operational management.
- Coordinate with AI/digital vendors on workflow automation initiatives.
- Participate in vendor audits, QA support, and inspection-related activities.

MedChemExpress LLC – Monmouth Junction, NJ
Operations Associate 01/2023 – 08/2023

- Managed and processed 80+ cases daily for a biochemical supplier specializing in research materials.
- Provided solutions for shipping logistics and international trade compliance.
- Coordinated with agents, clients, medical vendors, and researchers to streamline operations.

Hopkins MedTech Compliance LLC – Basking Ridge, NJ
Clinical Research Associate 01/2022 – 09/2022

- Led a 10-member team managing data entry for 300+ participants daily across multiple projects.

- Conducted data analysis on sensitivity and specificity of COVID-19 testing kits using Excel.
- Researched and evaluated online data platforms to improve data management efficiency.
- Supervised testing sites to ensure compliance with FDA regulations and proper execution of clinical trials.

CB Payments LLC – Remote, NJ

Data Analyst Intern

10/2022 – 12/2022

- Applied Natural Language Processing (NLP) to analyze prostate cancer medical case reports.
- Conducted literature research on patents related to NLP applications for medical conditions.
- Performed data capture and cleaning for prostate cancer medical cases.

Deloitte Consulting Shanghai Co., Ltd. – Beijing, China

Business Analyst Intern

06/2019 – 08/2019

- **Management Trainee Program (Manufacturing Industry)**

Developed and implemented a Management Trainee program for a wheel manufacturing company, focusing on recruiting international candidates. Worked on training structure, recruitment strategy, and coordination with company departments to support long-term hiring needs.

- **City-Based Salary Conversion (Real Estate)**

Conducted salary conversions to account for city differentials in the real estate sector. Used Excel for data analysis and visualization to compare cost-of-living adjustments across regions and support internal HR planning.

- **Financial Report Analysis (Real Estate)**

Analyzed company financial reports to understand salary trends and provide insights into industry benchmarks. Helped support strategic planning by summarizing findings for team discussions and decisions.

RESEARCH & TEACHING EXPERIENCE

University of Miami – Miami, FL

Graduate Research Assistant

08/2023 - 05/2025

PI: Jennifer C. Britton, Ph.D. | *Bridging Research on Anxiety, Innovations, and Neuroscience (BRAIN) Group*

- **Independent Projects on Anxiety:**

- **Machine Learning:** Prediction anxiety with machine learning (random forest) on a range of cognitive and affective features of executive function domain
- **Cognitive Neuroscience:** Conducting fMRI-based affective flexibility studies with linear mixed-effects model (LMM) to examine the effect of anxiety.
- **Computational Psychiatry:** Implementing Hierarchical Bayesian estimated Drift Diffusion Models (HDDM) to infer latent cognitive mechanisms in working memory.

- **Neuropsychological & Psychophysiological Testing:** Administering cognitive and emotional executive function tasks (N-Back, Stroop, etc..) and neuropsychological assessments (NIH Toolbox List Sorting, etc...). Assisting in ECG data collection for a virtual reality study on empathy.

- **Data Management & Training:** Overseeing data entry, cleaning, and quality control. Training undergraduate research assistants on research protocols and data processing.

Beijing Institute of Technology – Beijing, China

Research Assistant

06/2018 – 08/2018

PI: Yan Li, Ph.D. | *Emotion, Behavioral Science, and Applied Psychology*

- Conducted data cleaning and statistical analysis using Excel and SPSS.
- Assisted in formulating research reports and summarizing findings.
- Participated in weekly research meetings, presenting updates and contributing to discussions on study design and data interpretation.

PEA International Summer School – Beihang University, Beijing, China

Teaching Assistant

07/2018 – 08/2018

- Prepared teaching materials for professors and assisted with classroom organization.
- Managed logistics and daily operations, ensuring smooth coordination between professors and students.

New Oriental Education & Technology Group Inc. – Beijing, China

Teaching Assistant

07/2017 – 08/2017

- Assisted students in overcoming English language challenges and managing intensive study pressure.
- Collaborated with parents and teachers to track student progress and address concerns.
- Collected and reported individual student learning data, supporting academic performance monitoring.

PUBLICATION & PROJECTS

- Yan Li, Khalid Mehmood, **Xiaoyuan Zhang**, Corene Crossin. (2019). *A Multilevel Study of Leaders' Emotional Labor on Servant Leadership and Job Satisfaction*. In *Emotions and Leadership (Research on Emotion in Organizations, Vol. 15)*, Emerald Publishing Limited, pp. 47-67.

SKILLS & CERTIFICATIONS

International Pharmacovigilance / Compliance Support

- Multinational GVP regulatory analysis
- PVA / SDEA support
- PV vendor coordination
- Audit and inspection support
- Cross-functional coordination (Regulatory / QA / Sales / Legal)
- PV workflow digitalization and database support

Medical Data / Biostatistics

- Python (pandas, numpy, automation)
- R (tidyverse, regression, machine learning)
- SAS (regression, longitudinal analysis)
- Random Forest
- Drift Diffusion Modeling (HDDM / HSSM)
- GLM / Mixed Models / SEM
- Clinical data quality management

Clinical / Laboratory Research

- GCP
- Clinical data management
- Behavioral task administration (N-Back / Stroop)
- fMRI (AFNI)
- ECG
- Qualtrics / REDCap

Long-Term Development Areas

- International Pharmacovigilance Management
- Medical Data Science
- Pharmacoepidemiology
- Real-World Evidence (RWE)
- Safety Analytics
- Global Medical Strategy Support

Automation / Systems Support

- Workflow automation
- AI-supported process optimization
- OCR local deployment (PaddleOCR)
- Literature intelligence support
- Database building (Feishu / workflow systems)
- React frontend / Python backend project support

CITI Certificate

- GCP – Social and Behavioral Research Best Practices for Clinical Research
- Human Subjects Research – Social / Behavioral / Epidemiologic Investigators
- Research Study Design
- Clinical Health and Safety Training
- Health Information Privacy and Security
- Conflict of Interest and Responsible Conduct of Research

Languages

- English: Professional proficiency (speaking, reading, writing)
- Mandarin Chinese: Native proficiency (speaking, reading, writing)
